

## *A Journey of Healing*

An eight week small group for women affected by sexual abuse/assault.

*"Keeping secrets as big as this is like putting a band-aid over a gun shot wound. We need support, safety and the help of others to remove the damage and heal the wound."*

Please join a select group of women as we work through the issues related to sexual abuse/assault with counselor Bobbi Barnett-Dick, MA, PhD, CLPC.

This is confidential group therapy for Christian women seeking support and healing. Interested persons should call Arms Wide Open Ministry at 707-477-6127 or email [bobbi@armswideopenministry.com](mailto:bobbi@armswideopenministry.com). A donation/fee of \$20 per session is suggested. Attendance at all eight sessions are required. Additional group and individual sessions can easily be arranged.
